Subject: Letters from Insurance Europe and Amice on the Review of the Solvency II Delegated Act

Dear Mr Brandstetter,

I refer to the joint letter to Commission Vice-President Dombrovskis of 30 November 2018 that was sent by Insurance Europe and AMICE on the review of the Delegated Regulation (EU) 2015/35.

While the letter has received our fullest attention, the analysis of your arguments requires further work which is currently in progress, taking also into account the comments made by other stakeholders during the feedback period. We hope to conclude our analysis soon and will reply in substance to your letters immediately afterwards.

Yours sincerely,

Nathalie BERGER
