Subject: IASB announces composition of the Transition Resource Group for IFRS 17 Insurance Contracts

Dear Financial Reporting WG members,

The IASB has confirmed yesterday the membership of its IFRS 17 Transition Resource Group (TRG), established to support implementation of the new Standard issued in May 2017.

The objective of the TRG is to provide a public forum for any stakeholder to share implementation questions with the Board and to follow the discussion of those questions.

The TRG comprises experts directly involved in the implementation of IFRS 17: nine members are preparers of financial statements and six members are audit practitioners. An additional three members with observer status represent international security regulators, insurance supervisors and actuarial organisations. As you will see, four European groups are represented.

The TRG will not issue any authoritative guidance; but the IFRS Foundation will publish summaries and recordings from the meetings on our website.

The first meeting of the TRG, which will be used to discuss administrative matters and to establish how the group will operate, takes place on 13 November 2017.

Please see below the list of members and observers. For more information, please refer to the IFRS 17 TRG project page: <http://www.ifrs.org/groups/transition-resource-group-for-insurance-contracts/#about>
